

TRIM COLLECTION

Victoria is delighted to share her new brochure incorporating her new 'Trim Collection'. An exciting new addition to her exquisite, embroidered ranges.

Extensive research goes into the creation of each new collection, ensuring that every piece resonates with a depth of meaning and beauty.

With a couture Parisian background, inspired by the Atelier of Lesage, Victoria works side by side with her highly gifted team of embroiderers, allowing for an exceptional range of unique embroideries.

This collection covers formal designs to softly repeating geometrics, to a play on the Greek Key, in a range of soft taupes and ivories, to muted greys, to blues and hints of mustard.
